Using Random Search	5
2. Database Contents	6
Country Information	6
City Information	7
Airport Information	8

Thank you for purchasing this Casio product. This manual describes the contents of the MF-10 Database, as well as the various Digital Diary search procedures that can be used to locate specific data quickly and easily.

The data contained on this disk is current as of March 1990. Certain items may be changed without notice.

1 Searching for Data

After you download data from a personal computer to your Digital Diary (see General Operation Manual), you can quickly locate specific data using the Digital Diary's versatile search procedures. Note that the examples shown in this manual assume that all MF-10 data has been downloaded into the Digital Diary.

Important

The entries in the Casio Digital Diary Database Series are made using all uppercase letters. Since the Digital Diary search procedures are case sensitive, you should always specify search parameters using uppercase characters only.

Using Sequential Search

- With the Digital Diary in the MEMO mode, press the ∇ key to show an Index Display of the data. Note the symbols that appear in the first position of each line. An "*" indicates a country name, "+" indicates city name, and "-" indicates airport name.

```
*ALGERIA
*EGYPT
+CAIRO
-CAIRO AIRPORT/CAI
*ETHIOPIA
*KENYA
```

CAPS MEMO

- Use the ∇ and Δ keys for line-by-line scrolling, and the $\blacktriangledown$ * and $\blacktriangle$ * keys for page-by-page scrolling.

* $\blacktriangledown$, $\blacktriangle$ for SF-9000/9500

$\blacktriangledown$, $\blacktriangle$ for SF-7000/7500/8000/7600SP

- To view more details on any item listed in the Index Display, locate the desired item in the top line of the Digital Diary display and press the DISPLAY CHANGE key.

```
*ALGERIA
CAPITAL;ALGIERS
IDD CALL; ID:00 CODE:213
CURRENCY;ALGERIAN DINAR
POPULATION; 23.10Million/1987
*EGYPT
```

CAPS

MEMO

To display details on Cairo, press $\blacktriangledown$ twice.

- Press DISPLAY CHANGE again to return to the Index Display.

Using Initial Search

Initial Search can be used to organize data into country, city, or airport lists.

- With the Digital Diary in the MEMO mode, press SHIFT * and press SEARCH key to show an Index Display of country names (prefixed with "*"). For a city name list you would specify "+", and an airport name list is available by specifying "-".

```
*ALGERIA
*EGYPT
*ETHIOPIA
*KENYA
*MADAGASCAR
*MAURITIUS
```

CAPS

MEMO

SEARCH

- Use the ∇ and Δ keys for line-by-line scrolling, and the $\blacktriangledown$ and $\blacktriangle$ keys for page-by-page scrolling.

- ③ To view more details on any country name listed in the Index Display, locate the desired name in the top line of the Digital Diary display and press the **DISPLAY CHANGE** key.

```
*ALGERIA
CAPITAL;ALGIERS
IDD CALL; ID:00 CODE:213
CURRENCY; ALGERIAN DINAR
POPULATION; 23.10Million/1987
*EGYPT
```

CAPS **MEMO** **SEARCH**

- ④ Press **DISPLAY CHANGE** again to return to the Index Display.

- ⑤ To display city and airport information for Egypt, locate EGYPT in the top line of the Digital Diary display and press the **SEARCH** key. Then you can view detailed information on a city or airport by locating the desired city or airport name in the top line of the Digital Diary display and pressing the **DISPLAY CHANGE** key.

```
*EGYPT
+CARIO
-CAIRO AIRPORT/CAI
*ETHIOPIA
*KENYA
+NAIROBI
```

CAPS **MEMO**

Using Random Search

Random Search lets you locate data according to specific search parameters. The following example shows all countries in the Database which use the pound as their currency.

- ① With the Digital Diary in the MEMO mode, enter the word "POUND" and press **SHIFT** **SEARCH** to show an Index Display of countries that use the pound as their currency.

```
*EGYPT
*Ireland
*UNITED KINGDOM
*CYPRUS
*SYRIAN ARAB REP.
```

CAPS **MEMO** **SEARCH**

- ② Use the **▽** and **△** keys for line-by-line scrolling, and the **▼** and **▲** keys for page-by-page scrolling.

- ③ To view more details on any country name listed in the Index Display, locate the desired name in the top line of the Digital Diary display and press the **DISPLAY CHANGE** key.

```
*EGYPT
CAPITAL;CAIRO
IDD CALL; ID:00 CODE:20
CURRENCY;EGYPTIAN POUND
POPULATION; 50.74Million/1987
*Ireland
```

CAPS **MEMO** **SEARCH**

- ④ Press **DISPLAY CHANGE** again to return to the Index Display.

2 Database Contents

Country Information

These entries include useful information for countries around the world.

Example

```
*JAPAN
CAPITAL; TOKYO
IDD CALL; ID:001 CODE:81
CURRENCY; YEN
POPULATION; 121.87Million/1988
```

- Country Name
- Capital Name
- IDD Call Code
Prefix for international direct dialing. The entry "OPERATOR" here indicates that operator assistance is required.
- Country Code
For international telephone calls.
- Currency
- Population
Estimated population (according to U.N. or country's embassy) and year of last census.

City Information

These entries provide basic information about major cities around the globe.

Example

```
+TOKYO
JAPAN
COUNTRY; 81
AREA; 3
VOLTAGE; 100V 60Hz
AVERAGE TEMPERATURE (°C);
```

JAN	FEB	MAR	APR	MAY	JUN
4.7	5.4	8.4	13.9	18.4	21.5
JUL	AUG	SEP	OCT	NOV	DEC
25.2	26.7	22.9	17.3	12.3	7.4

Use ☐ key to scroll the display in order to view complete list of average temperatures.

- City Name
- Country Name
- Country Code
- State Name (if applicable)
- Area Code
For long distance telephone calls.
- Voltage
For residential power supply
- Frequency
For residential power supply (Hz)
- Average Temperature (by the centigrade)
For last 25 to 30 years

ENGLISH

Airport Information

This information includes the world's major airports, how long it takes to reach them from city centers, and transportation available.

Example

```
-TOKYO AIRPORT/TYO (NRT)
NARITA INTERNATIONAL
TRAIN ; 60min
BUS ; 70min
TAXI ; 70min
AIRPORT TAX; 2,000YEN
```

- City Name
- City Code
3-letter city code
- Airport Code
3-letter airport code
- Airport Name
- Access
Transportation to/from city center and travel time
- Airport Tax
Blank if not applicable
